Attention: Division School Coordinators

Dear Dr. Uytico,

Greetings!

The **Junior Philippine Geographical Society – UP Diliman (JPGS–UPD)** is a non-profit academic and socio-civic organization dedicated to Geography enthusiasts of the University of the Philippines, Diliman. It is united in its desire to promote the distinct discipline of Geography amongst the Filipino youth, to reveal the importance of Geography in the society, to enhance geographical knowledge of the Filipino people, and to encourage students to specialize in any domain of Geography.

Furthermore, the organization seeks to promote the discipline within and outside of the university through demonstrating the relevance of geographical knowledge in the country. Over the past 14 years, JPGS–UPD remains to be the frontrunner in advancing the field of Geography by conducting forums, immersions, and academic activities that provide alternative learning experiences for both high school and college level students. With this, JPGS–UPD continues to develop a community that is strong in affirming the role of the Filipino youth in nation building and the promotion of geographical literacy as a tool towards progress in the Philippine society.

As a way of reaching out to the high school youth, the JPGS–UPD will be conducting the **2020 National Geography Challenge (NGC)** on **March 7, 2020** at the **University of the Philippines Diliman**. This affair will highlight **Development** from Economic Geography as the primary topic of interest with the theme: **“Pag-unlad: Para Kanino at Para Saan?”** The event is open to students from Grades 9 to 12 in which it aims to stimulate interest in Geography through various activities such as **Poster Making Contest**,
