UP Tacloban is partnering with the Philippine Eagle Foundation, Cornell Lab of Ornithology, and Forest Foundation Philippines to hold a three-day online screening of the documentary entitled *Bird of Prey: To Save our Eagle*, a 45-minute cut of the film *Bird of Prey*. The documentary will be streamed for registered viewers for free via Zoom and Vimeo from 20 to 22 November 2020.

*Bird of Prey* is the latest full-length documentary about the Philippine Eagle, the Philippines' national bird and one of the world's rarest and most endangered raptors. Directed and produced by the Cornell Lab of Ornithology of New York, USA, the film was shot by Emmy Award-winning cinematographer Neil Rettig. It received at least 16 awards at various film festivals across the world and has been screened in multiple cities in the US.

In this regard, we wish to invite you and your staff to the opening program and first online screening of *Bird of Prey: To Save our Eagle* on 20 November 2020 at 10:00 to 11:30 AM. Please join us by registering through the link below:

To watch the documentary after the first screening on 20 November until midnight of 22 November 2020, please register at <http://bit.ly/UPV3j1I912>.

Should you have more questions, please do not hesitate to contact me via my e-mail address [mtbriones@up.edu.ph](mailto:mtbriones@up.edu.ph) and my mobile number 0915-286-5226.

We believe that the current pandemic must not be a hindrance for more Filipinos to learn about the Philippine eagle. As former WWF-Philippines President Lory Tan said in the film, "Filipinos must know why the Philippine eagle is our national bird."

*Damo nga salamat.*

Truly yours,

Mars Edwenson Jo T. Briones
