Subject: **Use of RBI and TV-video-based supplementary learning materials produced by ABC+ Project**

Dear **RD Ledesma**:

Greetings from ABC+!

The ABC+ would like to thank you again for supporting the project implementation in Region VI. The project was able to take off, design, strategize and achieve several milestones during your term which spanned almost two years during the infancy stage of the project.

As you are aware, ABC+ project also supported DepEd's implementation of the Basic Education-Learning Continuity Plan at the start of this school year. Part of this support is the production of 32 episodes of RBI and 32 episodes of TV/video-based learning materials for Grades 2 and Grades 3 in Filipino and English in collaboration with the Office of Usec. Nepomuceno A. Malaluan. ABC+ would like to share it with you and your new regional office Region VIII as resource of supplemental learning materials.

These RBI and TV-video-based materials were produced based on the Basa Pilipinas leveled reader books and can be accessed at:

The episodes can be used year-round and can be aired and broadcasted with local radio and cable TV stations in region VIII similar to the initiative of several schools divisions of region VI partnering with local stations.

For easy reference, attached is the complete list of episodes with corresponding google links. The list is updated every week as 2 or 3 episodes are produced.

In addition, we would also like to offer digital copies of leveled readers in English and in Filipino for grades 2 and 3 and wordless books for Kindergarten. We can also offer the Grade 1 leveled readers in Hiligaynon and Cebuano which were developed in Region VI as soon as they are finalized.

The ABC+ project would be happy to discuss in detail and share guidance on how to use these materials with your regional management team, if necessary. Should you need further clarifications, please feel free to contact Luisito Gelmo (0928-554-4567 / 0917-709-9355 / lgelmo@abcplus.rti.org) as he is always ready to provide assistance.

Thank you very much, ma'am. I know that you are busy with your new assignment and we are hoping that the project is somehow going to provide additional support to you and your team with these supplementary materials.

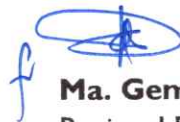

Sincerely,

Ina Aquino
