DIR. MA. GEMMA MERCADO LEDESMA

Director
 Department of Education, Region VIII

Dear Dr. Ledesma,

Warmest greetings!

We appreciate your support in allowing some teacher-participants of the Project STAR training to participate in the Focus Group Discussion conducted last Saturday, August 14, 2021, at 10:00 A.M via Google Meet. It was a fruitful discussion. We are now moving on to the next phase of the study, which is the demonstration teaching of the Project STAR training participants. The demonstration teaching will be conducted online. The purpose of the demonstration teaching is to observe how teacher participants integrate into their lessons the skills and knowledge learned in the Project STAR training they attended.

In this connection, we would like to ask again for your support in allowing the following teachers and their students to participate in the demonstration teaching in the stated schedule.

We likewise invite the principal, and unit heads of the said teachers, Dr. Ryan Tiu and Dr. Sarah Cabaluna, to observe the said teaching demonstrations.

In addition, we are asking your support to allow us to interview some of the student participants after the teaching demonstration. The interview will focus on their experience with their teachers in the lesson, and informed consent will be discussed with the students for their participation in the interview.

We are looking forward to your usual support to the Project STAR and the DOST-Science Education Institute. Thank you very much.

Respectfully yours,
