Undersecretary and Chief of Staff

**SUBJECT:** Deployment of the F2F Pilot Implementation Survey

**DATE:** December 21, 2021

The Department of Education (DepEd) has commenced the pilot implementation of limited face-to-face classes on November 15, 2021 in 100 public schools and 18 private schools. An additional 165 schools also started their pilot implementation on December 6. This is guided by the DepEd – Department of Health (DOH) Joint Memorandum Circular (JMC) No. 1, s. 2021 otherwise known as the *Operational Guidelines on the Implementation of Limited Face-to-Face (F2F) Learning Modality* which ensures the safe implementation of the limited face-to-face classes while addressing teaching and learning challenges encountered in distance education.

As part of the assessment of the pilot implementation of limited face-to-face classes, DepEd will be deploying the **F2F Pilot Implementation Survey which aims** to describe the pilot implementation of limited F2F learning modality in terms of satisfaction and challenges experienced by learners, parents/guardians, teachers, community members (e.g., LGU, volunteers), and school heads. This survey shall also provide insights in determining policy issues and areas for improvement for the expansion of limited F2F classes. Specifically, the survey seeks to:

- 1) gain insights on the experiences of participating schools on the implementation of limited face-to-face classes;
- 2) identify support needed by participating schools in the F2F learning modality; and
- 3) determine possible necessary adjustments for the expanded implementation and the subsequent transition to the new normal.

In line with this, DepEd is hereby deploying the **F2F Pilot Implementation Survey** to concerned Regional Offices (ROs), Schools Division Offices (SDOs), and the 283 public and private schools participating in the pilot implementation of limited F2F classes. The survey

will be answered by learners, parents, teachers, school heads, and community members who participated in the pilot implementation of limited F2F classes. **All parents of learner-respondents shall provide their consent (Attachment B). This survey will not in any way affect their continuous participation in and implementation of the pilot limited F2F classes.** All responses will be used to assess the implementation and future policy actions.

The survey will run from December 21, 2021 to January 7, 2022. Teachers who will provide assistance in the conduct of the survey may be granted vacation service credits in accordance with DepEd Order No. 53, s. 2003 (*Updated Guidelines on Grant of Vacation Service Credits to Teachers*). **Attachment A** outlines the protocols in administering and answering the survey.

Personnel from the Quality Assurance Division (QAD) from the ROs and the SEPS for School Management and M&E (SMME) and the SEPS for Planning and Research shall closely coordinate with the identified schools to provide assistance in administering the survey. Personnel involved in the conduct of the survey may avail of overtime pay in accordance with existing relevant guidelines on overtime.
