Department of Education (DepEd)
Region VIII, Palo, Leyte

Dear Director Fetalvero,

Greetings from Plan International!

Plan International is an international humanitarian, child centered development organization, independent, with no religious, political, or governmental affiliation working in 72 countries worldwide. In the Philippines, we are implementing programs on education, gender equality, disaster risk management, nutrition and responsive care, youth economic empowerment and child protection. We strive for a just world, working together with children, young people, our supporters, and partners to advance children's rights and equality for girls.

Plan is implementing the RAISE Above (Real Assets through Improved Skills and Education for Adolescent Girls) Project in selected municipalities and Catbalogan City in Samar. The project aims to reach adolescent girls, young women and young men in targeted communities of Western Samar to better realize their rights to education and skills for work and life and to exercise decisions regarding their education and skills development; and enhance their access to gender-responsive secondary education, skills training and employment services.

To celebrate and learn from our joint implementation, the RAISE above project will conduct a phasing-over activity to present the results and experiences of our partnership. The workshop will also be an opportunity to reflect the partners' roles, learning and challenges, and identify good practices and ways forward in sustaining the initiatives beyond the life of the project.

In line with this, we would like to invite the following DepEd officials to the **RAISE Above Project Phasing Over Workshop and Presentation of End line Evaluation Results** on **February 17-18, 2022 from 10:00 a.m. to 4 p.m. at Summit Hotel, Tacloban City**. Accommodation on the 17th of February 2022 will be provided by the project.
