During the past twenty one years, the Resources for the Blind Inc. (RBI) conducts computer training entitled **Computer-Eyes Camp for Learners with Visual Impairment** in partnership with IBM Philippines, Overbrook-Nippon Foundation, and the Department of Education. This training aims to equip our learners with visual impairment with computer skills such as using screen reader, computer keyboarding, and using Microsoft Office Applications which may help them become efficient and productive learners.

This year, RBI will conduct two batches of **Computer-Eyes Camp for Learners with Visual Impairment** and **Computer Development and Enhancement Using NVDA for Professional Teachers with Visual Impairment**. The registered participants must bring their own laptop running Windows Operating System which they will use during the training. The table below shows the complete details.
