SUBJECT : REQUEST FOR SUGGESTIONS ON LSA ROLES DURING
FULL FACE-TO-FACE IMPLEMENTATION OF CLASSES

DATE : 22 July 2022

The Department of Education engaged the services of Learning Support Aides in SY 2020-2021 to support schools in the implementation of the Basic Education Learning Continuity Plan for responding to the educational needs of the country during the pandemic. Based on DepEd Order 32, s. 2020, LSAs were hired to (1) employ additional workforce to support the delivery of learning modalities; (2) address the need for a stronger relationship between and among school, household, and the community; and (3) ensure unhampered delivery of basic education service.

The Bureau of Human Resource and Organizational Development (BHROD) is spearheading a policy and implementation review of the Learning Support Aides (LSAs). The study includes identification of the roles and responsibilities LSA will perform when schools shift to full face-to-face classes.

In relation to the ongoing conduct of the LSA Study, **SDO Personnel, School Heads and teachers** who have worked or engaged with LSAs are requested to accomplish this pre-survey accessible in this link: <https://bit.ly/3IYXCon> on or before July 28, 2022.

For further queries and concerns, please contact OUHROD through the email address at usec.hrod@deped.gov.ph. Thank you.
