Evelyn R. Fetalvero, CESO IV
Regional Director
Deped Region VIII

Dear Ms. Fetalvero,

The Norwegian Shipowners Association (NSA) Cadet Program, under the Norwegian Maritime Foundation of the Philippines Inc. (NMFPI), is an initiative program of the Association of Shipowners' Training and Education Project (ASO-TEP), with the objective of developing the next generation of Filipino maritime professionals through scholarship grants and best maritime education. The program was established in 1993 to ensure STCW compliance of Filipino merchant marine officers selected to sail on the NSA members' vessels. To date, there are more than 6,000 young Filipinos who have received this scholarship and are now serving on board international vessels as merchant marine officers.

In search of top-caliber cadets, we have partnered with selected prestigious maritime institutions: the DMMA College of Southern Philippines, the Lyceum University of the Philippines – Batangas, and the University of Cebu-Lapu Lapu and Mandaue. The program follows a 2-1-1 structure, with 2 years at school, 1 year at sea as a cadet and in their 4th year, they will be back at school to finish the academic requirement.

In this regard, the NSA Cadet Program would like to extend its offer to your constituents - K-12 graduating class and students interested in a lucrative maritime career. The courses we offer are Bachelor of Science in Marine Transportation and Bachelor of Science in Marine Engineering where they can become future Ship Captains and Chief Engineers respectively.

The chosen scholars will be enjoying the following:

- Scholarship in a prestigious Maritime Institution
- Free dormitory, board, and lodging during the first two (2) years of the scholarship period
- Free training and upgrading courses
- A meaningful leadership and character development program
- Opportunity to travel worldwide during apprenticeship

Further, you can visit and be updated through the NSA's Official Social Media Accounts:
