EVELYN R. FETALVERO, PhD, CESO IV
Regional Director
Department of Education RO VIII
Government Center, Palo, Leyte

Dear Director Fetalvero,

Greetings!

The City of Tacloban has been identified by the Department of Information and Communications Technology (DICT) as a focus area in the Digital Cities 2025 Program. This aims to build on the city's high potential to become a vibrant business district, and viable investment hub and employment area for Information Technology-Business Process Management (IT-BPM) services through targeted efforts from DICT and its partner organizations.

Leading up to the Visayas ICT Conference on October 23, 2023, the city is expected to put together a Roadmap highlighting its comparative advantage along the lines of talent, infrastructure, cost of doing business, and business environment.

In aid thereof, may we respectfully request for data on the following:

1. Number of enrollees and graduates of Senior High School TVL-ICT track in Tacloban City (annual 2019 to 2023, disaggregated by sex).
2. Number of enrollees and graduates of Senior High School TVL-ICT track in Region VIII (including Tacloban City) (annual 2019 to 2023, disaggregated by sex).

These will hopefully substantiate why the city, and the region in general, should be a premier IT-BPM destination in the country.

We hope you can provide the data on or before October 9, 2023.

For related concerns, please contact us through Mr. Alexis Azzi Ariza via email cpdotacloban@gmail.com or mobile 0956 365 7474.

Thank you very much.

Sincerely,

Janis Claire S. Canta
