Dear Dr. Fetalvero,

Greetings from CBM Global Philippines!

I am writing to request your permission for us to gather selected teachers and school nurses who were part of school screening activities conducted by our partners Resources for the Blind, Inc. (RBI) and Eye Hear Foundation, Inc. (EHFI) in the implementation of the "Inclusive Eye Health" project in Region 8. They will be participating as respondents in a focus group discussion as part of the final evaluation process to be conducted by our organization.

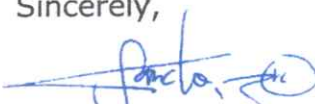

The purpose of this evaluation is to assess the project's performance and achievements vis-à-vis its objectives and determine its impact on project participants. It will generate lessons learned from the implementation of the project's activities and the outcomes achieved and will generate recommendations that will be useful for the development of future similar projects for the same context.

The respondents' valuable insights are highly appreciated. Their participation is voluntary, and all information provided will be kept confidential and used solely for the purpose of this evaluation. We respect data privacy and assure you that their responses will be handled with the utmost care.

In the coming days, we will coordinate for more detailed information about the evaluation process, including how and when it will be conducted.

Thank you.

Sincerely,

Genaro G. Sanchez
