## LETTER - REQUEST

Dear Dr. Murallos,

Greetings of peace and prosperity. I am writing to formally request your good office to bring our appeal to the Regional Office for the closure of our General Academic Strand (GAS) offering while retaining our Humanities and Social Sciences (HUMSS) Strand. This is in consideration of the findings and recommendations from the Regional Quality Assurance Division (QAD).

It has been noted that students taking GAS are required to take a "bridging program" by Private Schools and Universities when they enroll in college to align their academic tracts with the course they are interested in pursuing. This will result in significant financial liabilities for the parents.

Given these facts, please assist us in submitting our letter request to the Regional Director for approval.

Thank you for your attention to this matter. This change will greatly benefit our students and enhance our school's academic offerings.

Sincerely,

**DONNA C. DELIZO**  
Principal III  
Maasin City National High School  
Brgy. Combado, Maasin City
