THE PHILIPPINE INFORMAL READING INVENTORY (PHIL-  
IRI) FOR KEY STAGE 2 and 3 LEARNERS FOR THE  
END-OF-THE SCHOOL-YEAR 2024-2025**

**DATE :** **March 4, 2025**

The Department of Education (DepEd) is one with EDCOM II in its call to action towards fixing the foundations of our education system. Reading and, more broadly, literacy are the most foundational skills that children need to acquire to ensure learning in all other areas.

As a basic step in understanding the individual reading profiles of our learners, all regions and divisions are hereby instructed to provide support to schools in the administration of the end-of-school-year Comprehensive Rapid Literacy Assessment (CRLA) and Philippine Informal Reading Inventory (Phil-IRI).

The CRLA and the Phil-IRI are scheduled for administration **from March 1 to March 31, 2025**. All are to ensure the completeness, quality, and integrity of the data that will be uploaded to the dashboards using the submission links and protocols provided herein.

The results will form part of the basis for the development of context-based reading remediation programs targeting learners who need the most support. Regions will be provided with further guidance and assistance in the development of program responses to the results of the assessments.

Teachers are requested to record the learner results in the scoresheets provided. School heads shall ensure that the school summaries are promptly uploaded to the submission links that will be provided in a follow-up memo. All submissions should be in **not later than April 5, 2025**.

Regional Offices (ROs) and Schools Division Offices (SDOs) are also requested to closely monitor the administration of the assessments in schools that have been most affected by hydrometeorological and volcanic hazards resulting in class suspensions. Additional support should be provided to teachers of learners who are under alternative delivery modalities to ensure that learners are able to take the assessments. This will provide the Department with data measuring the effect of prolonged or recurring class suspensions on learning outcomes.
