In addition, Khan Academy would like to remind the schools of the following:

On school verification:
Khan Academy (KA) will go to each school in the list to validate if the schools have met the technological requirements as well as establish rapport with the personnel from the ROs, the SDOs and school heads. In line with this, KA would like to request that any personnel of the SDO or RO (EPS, PSDS and/or Division IT Officer) to accompany KA in going to the schools so that verification will be swift and more efficient. Schools need not prepare anything such as program, lay, food, etc. KA will stay 20-30 minutes per school where they will do the following:

What to check	What to ask	Who are expected to be in school
• Strong internet connectivity (at least 100 Mbps) • 1 device per student user (in computer lab or wherever they will do Khan) • Eager administrators and teachers	• Grade level and number of sections that will implement • Number of teachers for training	Principal or Asst. Principal or Grade level head School ICT focal person

It is also requested that the devices (PCs, laptops, tablets, etc.) in the computer lab are turned on during the day of the visit so that verification team can easily check the internet speed.

For other concerns and clarification, please email Ms. Bernadeth C. Daran, Director for Strategic Engagement and Partnerships of Khan Academy Philippines at bernie@khanacademyphilippines.org.

Immediate dissemination of this Memorandum is requested.
