TRAINING COURSE ON ISO 9001:2015/AMD 1:2024 QUALITY MANAGEMENT SYSTEMS - REQUIREMENTS - AMENDMENT 1: CLIMATE ACTION CHANGES

L. S. Virata Hall, 2nd Floor, DAP Building,
San Miguel Avenue, Ortigas Center, Pasig City

Take urgent action against climate change!

The recent 2024 amendment to ISO 9001:2015, **effective February 22, 2024**, incorporates climate change considerations into quality management systems.

Join our training course to understand and be updated on the latest ISO 9001 amendment,
climate change action!

ABOUT THE COURSE:

This course is specifically designed for public sector senior management, officers, QMS leaders, team members and staff aiming to ensure conformance to the ISO 9001 amendment. It is also highly relevant to environmental managers, compliance officers, ISO coordinators, and auditors who are involved in driving continual improvement, managing environmental impacts, and addressing challenges such as climate change.

What will participants learn?

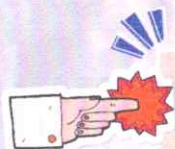

- **Understand the New Amendments:** Learn the key changes of ISO 9001:2015/AMD1:2024 and its emphasis on climate action. Discover how these updates affect the QMS, including adjustments to risk management, resource allocation, and environmental goals.
- **Assess Climate Change Issues:** Review the current QMS to identify climate-related gaps and opportunities. Assess risks and address climate vulnerabilities in operations, supply chain, and stakeholder engagement.
- **Develop an Action Plan:** Prepare an action plan to ensure compliance with environmental standards, and implement measures to address the organization's impact on climate change.

COURSE FEE: PHP 13,860.00 per participant

- Fees and training schedules may change without prior notice.
- Fees are inclusive of 12% VAT, course materials, course certificate, and meals.
- In-house or customized programs available upon request.

Have you heard about the latest
ISO 9001 QMS amendment?

BATCH 4

20-22 October 2025

What will participants gain?

Upon completion of the course, participants will be able to:

- Discuss the amendment's impact on the organization and actions to address climate change.
- Evaluate climate change and its effects on the organization.
- Identify best practices for compliance and integrating climate action into the organizational QMS.
