REGIONAL MEMORANDUMNo. 1351 s.2025**OFFICIAL eACADEMY TEACHERS AND IMPLEMENTERS
OF THE PILOT SCHOOLS IN REGION VIII**

To: Schools Division Superintendent
Division English and Reading Supervisors
All Others Concerned

1. In view of the completion of the orientation, training, and activation of accounts of both teachers and students during the initial implementation of the eAcademy Program in the 26 schools and one community learning center for the ALS, this Office, issues this Memorandum as basis and reference of program delivery by the official implementers for Batch 1 which consists of supervisors, school heads, teacher coordinators, and eAcademy teachers.

2. As stipulated in the agreement which will span three years, eligible partner schools shall observe the following requirements:

- a. Minimum of 150 registered learners who are using the app/program;
- b. Internet access in the classrooms for teachers; and
- c. PCs, laptops, and other necessary hardware that teachers and students can use.

3. All DepEd Officials from the region, division, and schools especially classroom teachers who serve under the program in an official capacity and whose names are listed in Enclosure 1 shall be given due recognition which may be initiated by DepEd or the program partner on a periodic basis or at the end of program implementation.

4. The list of implementers and teachers may be updated or expanded from time to time to include a growing number of partner schools. Pilot schools granted a trial pass must comply with the requirements within a reasonable period to enjoy continued access for the entire duration of the program.

5. As official implementers, the eAcademy teachers are expected to use the program regularly to strengthen literacy development of students through reading, support learning recovery efforts like the ARAL Program through the utilization of developmentally appropriate learning resources found in the program's library, participate in monthly meetings and activities such as the virtual assistance sessions, and submit accomplishment or progress report on the gains that their learners are making. To ensure proper documentation and monitoring of these activities and gauge its impact, an **eAcademy Teacher's Activity Dashboard** shall be accomplished by each teacher. This should be monitored by both the teacher coordinator and school head before submission to the Division Focal Person and eventually to the Regional Program Coordinator on periodic basis.

6. The Division Reading Supervisors or Focal Persons are reminded to track the utilization of the learning platform by the schools and coordinate with the Regional Office and the program partner to immediately address issues and concerns on program implementation. The divisions and schools are also empowered to conduct meetings and activities in support of the eAcademy program.

7. Any school may opt to discontinue using the software provided they present valid reasons why they could not sustain being part of the program.

8. Immediate dissemination of and compliance with this Memorandum are desired.
