SALUSTIANO T. JIMENEZ JR., JD, PHD., CESO III
Regional Director

Dear RD Salustiano,

Help Start Education Foundation is a non-profit organization. We empower undeserved students to break the cycle of poverty by providing them with laptops. This enables them to access online learning, develop vital skills, and shape a brighter future, with the vision of 'Empowering Students One Laptop' at a time.

Our journey began with a simple belief. Education is not just a privilege. It is a fundamental right. It is a powerful bridge to opportunity.

We believe knowledge should know no borders. We are not just changing one life; we are building a more connected and balanced world by providing essential refurbished laptops directly to students actively enrolled in online learning programs, ensuring they have the tools for success.

Building powerful partnerships with Department of Education in the Philippines will elevate the cycle of poverty and extending our reach and impact.

Every laptop we deliver connects a student to a brighter, more promising future. Students across Africa, the Philippines, and the Pacific Islands, are now empowered to impact other people's lives as well as their own. We, as a Foundation, would like to extend this help to you. This offer is also open to non-member friends of the Church, like students of the ALS or Alternative Learning Schools. ALS is a parallel learning system in the Philippines that provides a practical option to the existing formal instruction when one does not have or cannot access formal education in schools. ALS is an alternate or

substitute. ALS includes both the non-formal and informal sources of knowledge and skills. Many Filipinos do not have a chance to attend and finish formal basic education due to many reasons. Some drop out from schools while some do not have schools in their communities. Since every Filipino has a right to free basic education, the government establishes ALS to provide all Filipinos the chance to have access to and complete basic education in a mode that fits their distinct situations and needs for this reason we would like to offer seminar to explain to you our mission and visions to enable educational opportunities by providing laptops to help students access and complete BYU -Pathway Worldwide certificates and degree programs from the universities such as BYU-Idaho and Ensign College. With these opportunities will extend our intention to do seminars to the following place in your regions and dates.

- I. Tacloban City Division -June 19,2026 at 9:00-11:00am at Tacloban Division Office, Tacloban City
- II. Maasin City Division - June 20, 2026 at 9:00-11:00am at The Church of Jesus Christ of Latter Day Saints.Barangay Mantahan , Maasin City, Southern Leyte.
